Schedule of Subject Fees - 2012 (effective 1 October 2011)

This table specifies the fee per subject. A subject is a unit of instruction that forms part of the requirements for your Bond University program. Each subject is allocated to a tuition fee group according to level (undergraduate, postgraduate), faculty and credit hours. A standard fee will be charged per subject based on which tuition fee group it belongs to. There are some exceptions to this for which a different fee applies. These subjects are listed as Exceptions, and are identified in the notes section.

Fees are reviewed on an annual basis and updated by 1 October of each year for the following year.

Important Note: To calculate the total estimated tuition for a degree program this fee schedule must be read in conjunction with degree structures as the credit weighting for subjects within a degree may vary. Actual tuition fee may vary in accordance with the choice of study and degree. Total estimated tuition cost for each degree can be found on: http://www.bond.edu.au/study/fees/pdf/fee-schedule.pdf
