INSTITUTE OF SUSTAINABLE DEVELOPMENT & ARCHITECTURE

ABOUT

Established in 1989, Bond University is Australia's first private, not-for-profit university. In 2010, Bond proudly announced the Institute of Sustainable Development & Architecture which comprises the Mirvac School of Sustainable Development and the Soheil Abedian School of Architecture. The Institute is dedicated to the concept and practice of sustainability by integrating design, planning, property, construction, urban development, architecture and sustainable science education.

The range of undergraduate and postgraduate courses maintains a single vision of minimising environmental impacts which is an issue of pertinence in today's society. Our mission is unique but simple - combine teaching excellence with practical experience to deliver world-class sustainability graduates.

Student award ceremonies are conducted each semester at Bond. The ceremonies acknowledge and reward the achievements of students and provide them with an opportunity to celebrate their success.

AN INVITATION TO SPONSOR

The Institute of Sustainable Development & Architecture warmly invites your organisation to support a range of student awards.

Sponsoring the student awards is a great opportunity for your organisation to align your brand with Bond's highest achieving students, academics and guests.

ANNUAL AND SEMESTER STUDENT AWARDS

Bond University operates a trisemester year with student award ceremonies scheduled in the months of February, June and October each year.

Prizes are awarded on varying merits and include (but not limited to) achievement for: top of class, best overall performance for the year, best overall performance in a degree or major and most creative project.

Sponsorship contributions are passed directly to the student and can be offered in the form of cheques, trophies and certificates. In addition, student award sponsors are invited to be proactively involved in determining specific student award criteria, or alternatively, this can be left to the discretion of the Institute.

ANNUAL STUDENT AWARDS

All annual student awards are presented at the February ceremony to congratulate students on their achievements of the previous year. This is the largest ceremony of the year, featuring the highest number of student awards and audience attendance.

SEMESTER STUDENT AWARDS

Semester student awards are conducted at three intervals during the year to congratulate students on their achievements of the previous semester.
