

# GRADUATION INFORMATION

## Permissible Award

Permissible Awards reflect the possible specialisations which a student may be awarded depending on the core program in which they are enrolled and the subjects the student has completed.

Students should indicate on the Graduation Information form whether they wish to be awarded a Permissible Award. The student will only be eligible to graduate with a Permissible Award if they have met the requirements for that Award and with the approval of the Faculty.

The Testamur will be issued listing the Permissible Award granted which will also appear as the conferred award on the student's Official Academic Transcript.
